1. The Policy

1.0 Policy Statement

This policy applies to all employees of local community and voluntary controlled schools. The school is committed to the highest standards of openness, integrity and accountability. Malpractice is taken very seriously. In line with this commitment, all employees and other agencies who wish to make a disclosure of malpractice, in the public interest, should come forward and voice their concern (s).

1.1 The purpose of this policy is to:

- Draw employees' attention to the Public Information Disclosure Act 1998
- Meet statutory obligations and ensure compliance with relevant codes of practices
- Provide avenues for employees to raise concerns of wrongdoing and malpractice
- Ensure that employees receive a response to their concerns and disclosures
- Provide support to employees who raise concerns about wrongdoing or malpractice
- Promote accountability and integrity throughout the school
- Help to uphold the reputation of the school and maintain public confidence
- Deter malpractice

This Whistleblowing Policy is intended to encourage and enable those covered by the policy to raise serious concerns at an early stage, in the right way and to do so without fear of recrimination, victimisation, discrimination or disadvantage. All concerns/disclosures raised with the school will be treated in the strictest confidence. and every effort will be made to conceal the identity of the discloser if anonymity is requested. Whistle blowers are protected by law from suffering a detriment, bullying or harassment from another employee(s).

2 The Procedure

2.0 The purpose and principles of this procedure

- Enable employees, contractors working for the school, the school's partners and those supplying goods and services to the school to report any serious concerns they have about service provision and conduct of staff;
- Everyone should be aware of the importance of preventing and eliminating wrongdoing at work. Employees should be watchful for illegal or unethical conduct and report anything of that nature that they become aware of;
- Any matter raised under this procedure will be investigated thoroughly, promptly and confidentially;
- No employee will be victimised for raising a matter under this procedure. This means that the continued employment and opportunities for future promotion or training of the employee will not be prejudiced because he/she has raised a legitimate concern;
- Victimisation of an employee for raising a qualified disclosure will be a disciplinary offence.
- If misconduct is discovered as a result of any investigation under this procedure the organisation's disciplinary procedure will be used, in addition to any appropriate external measures;
- Maliciously making a false allegation is a disciplinary offence;
- An instruction to cover up wrongdoing is itself a disciplinary offence. If told not to raise or pursue any concern, even by a person in authority such as a manager, employees, contractors, school partners and those supplying goods and services to the school should not agree to remain silent.

2.1 What is not covered:

This procedure is for disclosures about matters other than a breach of an employee's own contract of employment. If an employee is concerned that his/her own contract has been,

or is likely to be, broken, he/she should use the organisation's Resolution Policy.

You cannot use this procedure to deal with serious and/or sensitive matters that are covered by other school policies and procedures, for example:

- Staff complaints about their employment, should be dealt with by way of the School's Grievance, Disciplinary and Bullying & Harassment Policies and Procedures;
- Customer complaints about the school's services should be dealt with via the School's Complaints Procedure. This will also include low level concerns and how to manage these low-level allegations in accordance with the school procedures
- Issues that have already been settled by means of other school procedures;
- Where a manager has concerns about a member of staff whom they manage;

In situations where other policies and procedures have been ineffective, not followed, or cannot be implemented, or if the responsible parties for such policies are involved (such as the headteacher or governing board), the appropriate course of action may be to follow the whistleblowing policy.

2.2 The Local Authority and School's Expectation:

The Local Authority has an obligation to its employees and pupils. The school expects its employees and other organisations that it deals with to bring to its attention any issues of concerns of malpractice, in the public interest. The school is committed to the highest possible standards of openness, probity and accountability. For this reason, concerns/disclosures about malpractice will be taken very seriously. The organisation encourages employees to raise their concerns under this procedure in the first instance.

2.3 The Local Authority's Commitment:

The law provides protection for employees who raise legitimate concerns that is specifically "in the public interest" which might otherwise be regarded as confidential, if the disclosure falls into one of the categories outlined below:

- a) A criminal offence
- b) Financial misconduct.
- c) A miscarriage of justice has happened, is happening, or is likely to happen.

- d) An individual's health and safety has been, is likely to be, or is being jeopardised or in danger
- e) The environment is, has been, or is likely to be, damaged
- f) Information falling into any of the above categories has been, is being or is likely to be deliberately concealed.

2.4 Confidentiality

The school will do its best to protect whistleblower's identities when they raise a concern or make a disclosure and wish to remain anonymous. Every effort will be made to preserve confidentiality. However, if the evidence is required in Court proceedings then it may not be possible to maintain anonymity; this may be subject to the decision of the Courts. Should there be a cause for concern with regards to a safeguarding issue or needs and the school believe that there would be a significant harm to a child, then it may require a breach of confidentiality providing that this is discussed in advance to the LADO the (Local Authority Designated Officer).

2.5 Harassment and Victimisation

The Local Authority will not tolerate any harassment, victimisation or informal pressures of its employees. The LA recognises that the decision to report a concern can be a difficult one to make. A worker who makes such a protected disclosure has the right not to be dismissed, subjected to any other detriment, or victimised, because he/she has made a disclosure.

The Council will initiate appropriate action to protect any employee who blows the whistle in the public's interest

Any investigation undertaken in response to a concern or a disclosure, will not influence, or be influenced by any disciplinary or redundancy procedures that already affects an employee.

2.6 How to raise a concern or disclosure

There are a number of agreed contacts for employees to raise concerns with under the Whistleblowing Policy. This enables the employee to choose the person to whom they wish to make the disclosure.

Employees who have a concern about any wrongdoing should normally raise their concerns in the first instance with their Line Manager. If, however you feel unable to raise the matter with your line manager, for good reason, you may raise the concern with your Head Teacher or a member of the Senior Leadership Team (SLT). If you feel unable to raise your concern with any member of the school management team you may raise it with the Chair of Governors and LADO the (Local Authority Designated Officer or the Head of HR at Newham Partnership Working (NPW – The Local Authority’s HR provider).

It is recommended that all employee’s contact a local trade union office for advice before raising a concern or disclosure through the whistleblowing policy. Concerns may be raised orally or in writing. Make it clear if you want to raise the matter in confidence. The person with whom you raised the concern may have a preliminary meeting with you to discuss the most appropriate route. You may bring a trade union representative or work place colleague to any meeting that is arranged in connection with the concern you have raised as long as the union representative or work place colleague is not involved in the matter and that the colleague agrees to maintain confidentiality.

If you are raising concerns as a school governor you should speak to the chair of governors in the first instance. If you feel unable to raise the matter with them for good reason, you should contact the Head of Governor Services at Newham Partnership Working (NPW) with your complaint.

You are not expected to prove beyond doubt the truth of an allegation. However, you will need to demonstrate to the person contacted that there are reasonable grounds for your concern and that it is in the public interest.

The school hopes that this policy gives you the reassurance you would need to raise concerns internally. However, it recognises that there may be circumstances where progressing through the internal route has failed and you can only properly report your concern to external bodies who have responsibilities to monitor the school’s compliance to its own standards and legal obligations. A list of these external bodies can be found at Appendix 1.

2.7 What happens once a concern has been raised?

The Local Authority will acknowledge receipt of your concern/disclosure on the day the concern was received whether this was submitted in writing or verbal communication.

The Headteacher, in liaison with Schools HR, will appoint an investigation Officer to undertake a preliminary investigation to determine whether a full investigation is required, and to protect both the individual (s) accused and the discloser.

This appointed person, while maintaining the confidentiality of the complainant, will ensure that any individual who is the subject of the allegation is given details of the allegations in order to respond.

Once you have raised your concern, the person receiving the whistleblowing allegation will be responsible for ensuring that it is investigated properly. The nature of the investigation will depend upon the concern raised.

The person receiving your whistleblowing concern is responsible for ensuring you receive feedback on progress, subject to any issues of confidentiality that may be necessary to guarantee a successful conclusion. It may not be possible to inform you of the precise action undertaken where this would infringe a duty of confidence owed by the school to another party.

All concerns and disclosures received will be looked into/investigated as speedily and sensitively as possible. The school may involve the local authority's Counter Fraud Team and the LADO (Local Authority Designated Officer/Safeguarding Services/Police/or appropriate external bodies.

Every effort will be made to minimise any difficulties that the Whistleblower may experience as a result of raising a concern. For instance, if the formal investigation finds that malpractice/wrongdoing has occurred, the whistleblower may be required to give evidence at a disciplinary hearing or at court. In such circumstances the school will arrange for the whistleblower to receive advice and support throughout the process through the EAP (Employee Assistance Programme).

The school would endeavor to complete any investigations as soon as is practicably possible.

2.8 Outcome of review of concerns/investigation

If the investigation finds that the misconduct and/or gross misconduct has occurred, disciplinary action may be initiated in accordance with the school's disciplinary policy and procedures.

In all cases the school will seek the most appropriate sanction against employees that it considers guilty of malpractice. This includes instigating disciplinary action, which may include dismissal, and, in conjunction with Counter Fraud and law enforcement agencies,

instituting criminal proceedings.

The Whistleblower will be informed on completion of the investigation. The nature of any action taken will remain confidential.

Where an investigation relates to abuse against either a vulnerable adult or a child at risk which has been substantiated and relates to a safeguarding concern, the school has a duty of care to make a referral to the DBS (Disclosure and Barring Service) and any other relevant professional body by informing CSC/ASC in conjunction with the LADO (Local Authority Designated Officer). Any referral will be approved by the Headteacher and Local Authority and submitted by Schools HR on behalf of the school.

2.9 Anonymous – Confidential Disclosures

Employees are encouraged as individuals to put their name to any disclosures they make. Concerns/disclosures that are expressed anonymously are much less powerful, and will be subject to a decision whether to investigate at the discretion of the Headteacher/Chair of Governors and Local Authority. However, the headteacher/Chair of Governors may have some instances where there are duties relating to a serious safeguarding issue or a crime, then it would need to be referred.

In exercising this discretion, the factors for consideration will include the:

- seriousness of the concern;
- credibility of the concern;
- likelihood of confirming the disclosure satisfactorily.

If a Whistleblower request to have their identify concealed, all possible steps will be taken to comply with the request. Any employee revealing the name of the whistleblower without their express permission may be subject to the school's disciplinary policy and procedures.

2.10 Malicious Disclosures

Employees, who victimise others for blowing the whistle or who knowingly make a malicious disclosure against another employee, may be disciplined under the school's disciplinary policy and procedure and this may involve consideration from the external agency/Police and the LADO (Local Authority Designated Officer).

2.11 Monitoring the Policy – who is responsible?

The Governing Board has overall responsibility for the policy. The Head Teacher is responsible for the operation of the policy within the school and the overall

maintenance of a record of concerns raised in accordance with this policy and the outcomes.

The LA (Local Authority) is responsible for the operation of the policy and records outside the school.

All staff will be advised of this policy and where to access it.

This policy was devised in consultation with the Trade Unions and will be reviewed similarly.

2.12 How the matter can be taken further (external procedures)

This policy is intended to provide employees with a process for raising whistleblowing concerns. If after exhausting the School's Whistleblowing Policy internally or if you feel unable for good reason to raise this internally, the whistleblower may take the matter further to the Local Authority's HR provider or if appropriate to external bodies – See Appendix 1.

2.13 Making allegations outside the procedure

An employee making an allegation, or passing on any allegation, by any means other than under this agreed school's procedure is strongly encouraged to seek the advice of their trade union representative and/or Schools HR

2.14 GDPR/Data Protection

When an individual makes a disclosure, the school will process any personal data collected in accordance with its data protection policy, which is GDPR compliant. Data collected from the point at which the individual makes the report is held securely and accessed by, and disclosed to, individuals only for the purposes of dealing with disclosure.
